FYI participants: I understand that the goal of Monday's meeting is to discuss options for the TMDL and share our technical work that went into the analysis of the draft TMDL. I understand R10 will be setting the stage on the call, and relying on HQ help answer WA's questions as needed.

Note that the draft issue paper and Appendix I shared with you ~May 21 **were not** forwarded to the State of WA; the materials provided to WA for this meeting are attached below.

Objective: EPA and State of WA Dept. of Ecology staff meet (via conference call) for technical discussion.

Update from Region 10 5/29/13:

Here are the materials for our call next Monday.
